TRANSLATOR'S PREFACE TO  
THIRD EDITION.

---

THIS new English edition of Professor von Gneist's celebrated work on the English Parliament will, it is hoped, thoroughly meet the requirements of the numerous class of students for whom it is specially intended. As the proofs have all passed through the author's hands, the public may also feel satisfied that they here possess Professor Gneist's own work. The translator may in fact state that, notwithstanding the acknowledged difficulties presented by Dr. von Gneist's terse and vigorous style, he has nowhere found it necessary to depart from a close adherence to the original, in order to produce what he trusts will be found a perfectly clear and fluent version.
