HOLLOWAY'S PILLS

THE chiefest wonder of modern times.—This incomparable medicine increases the appetite, strengthens the stomach, cleanses the liver, corrects biliousness, prevents flatulency, purifies the system, invigorates the nerves, and restores the invalid to sound health. The enormous demand for these Pills throughout the globe would astonish everybody, were it not that a single trial convinces the most sceptical that no medicine equals Holloway's Pills in its ability to remove all complaints incidental to the human race. They are a blessing to the afflicted, and a boon to all who labour under internal or external disease. The purification of the blood, removal of all restraints from the secretive organs, and their gentle aperient action, are the prolific sources of the wide curative range of Holloway's Pills.

ROYAL HOSPITAL for INCURABLES,

WEST HILL, PUTNEY HEATH,

Founded 1854.

OFFICES, 1, POULTRY, LONDON, E.C.

Treasurer—HENRY HUTH, Esq.

THE ROYAL HOSPITAL FOR INCURABLES was established to relieve and to cherish, *during the remainder of life*, persons, above the pauper class, suffering from incurable maladies, and thereby disqualified for the duties of life.

For persons *needing a home* an asylum is provided: medical attendance, nursing, and domestic comforts are supplied, and the endeavour is made to alleviate suffering, and to cheer the life from which health has departed.

To persons *having a home*, but without the means of support, a pension of £20 a-year is given; thus, the family circle is unbroken, and the invalid is relieved from the pain of dependence.

The Institution is NATIONAL in its character, and persons from all parts are admitted to its benefits.

Persons subscribing at least HALF-A-GUINEA annually, or FIVE GUINEAS at one time, are Governors, and are entitled to Votes in proportion to the amount.

Subscriptions will be thankfully received, and all information promptly supplied.
