WHITE CONQUEST.

CHAPTER I.

White Reaction.

FOR seventeen months New Orleans groaned under the yoke of Governors who could not rule, of Assemblies which were unable to pass bills, and of Tribunals which reversed each other's decrees.

Kellogg, though backed by Grant, was repudiated by Congress. McEnery, though supported by the main body of White citizens in New Orleans, was not recognised by the authorities at Washington. The courts were open to Kellogg, if he cared to try his right. Though taunted by the citizens to take a case, he shrank from courting a decision, which he feared must go in favour of his enemies, and would weaken his hold on the Federal power. In spite, therefore, of having the support of Packard, the countenance of Pinch, the salary of a Governor, and an official residence in the State House, William P. Kellogg found his situation grow more desperate every passing day.

New Orleans is Louisiana, very much as Paris
