P R E F A C E.

My apology for submitting this Work to the notice of the public, must rest upon the circumstance of my having travelled, by a new route, through very interesting countries. The journey was undertaken upon a few days' resolve; I had not the means of procuring any scientific information, did not always enjoy opportunity of committing my observations to paper, and lost some of my notes; I trust, therefore, that my Journal will be received with the indulgence that it needs.

For the accompanying sketches of a Toork-mun Camp, and the Affghaun National Dance, I am indebted to the kindness of the talented friends whose names they bear. The Map was constructed from my own notes.
