

Contents

| | |
|--|-----|
| Modelling the Fields of Pollutant Dispersion in the Atmosphere from Flares M. N. ALEKSEEVA, D. V. FEDOROV, I. V. RUSSKIKH, I. G. YASHCHENKO. | 109 |
| Application of Green Chemistry Principles for the Development of Solid Commercial Forms of Oil-Displacing Compositions L. K. ALTUNINA, V. A. KUVSHINOV, L. A. STASYEVA, I. V. KUVSHINOV | 118 |
| The Influence of Postsynthetic Alkaline Treatment and Modification with Nickel Nanopowder on the Properties of a Zeolite Catalyst for Gasoline Upgrading L. M. VELICHKINA, YA. E. BARBASHIN | 127 |
| Structural Transformations of Heavy Oil Resins from the Nurlat Oilfield under Thermal Action N. N. GERASIMOVA, T. V. CHESHKOVA, R. S. MIN, T. A. SAGACHENKO. | 134 |
| Extraction of Sulphur-Containing and Polycyclic Aromatic Compounds of Diesel Fuel with Imidazole-Containing Ionic Liquids N. S. KOBOTAEVA, YU. V. SAVINYKH, T. S. SKOROKHODOVA | 141 |
| Rheological Properties of a Low-Temperature Gel-Forming Composition Based on Inorganic Components I. S. KOZHEVNIKOV, A. V. BOGOSLOVSKII, L. K. ALTUNINA | 148 |
| Acid Composition Based on Deep Eutectic Solvents for Displacing Heavy Oil V. V. KOZLOV, M. R. SHOLIDODOV, L. K. ALTUNINA, V. A. KUVSHINOV, L. A. STASYEVA, A. R. SAIDENTSAL. | 152 |
| Modelling the Contact of Oil Systems with Natural Water Bodies N. A. MUKHORTINA, O. V. SEREBRENNIKOVA, N. A. KRASNOYAROVA | 160 |
| Composition of the Compounds Occluded by Asphaltenes of Heavy Oils D. V. OSTAPENKO, T. V. CHESHKOVA, T. A. SAGACHENKO, R. S. MIN. | 169 |
| Analysis of the Ecological State of Oil-Producing Territories in West Siberia Using MODIS Satellite Data T. O. PEREMITINA, I. G. YASHCHENKO | 176 |
| Dynamics of Two-Year Post-Pyrogenic Restoration of the Composition of Biomolecules in Shrubs in the Southern Taiga of the Tomsk Region I. V. RUSSKIKH, E. B. STRELNKOVA | 183 |
| Combined Oxidation of Gaseous and Liquid Alkanes in the Barrier Discharge Plasma A. YU. RYABOV, S. V. KUDRYASHOV, A. N. OCHEREDKO. | 190 |
| Thermal Stability of the Oxidation Products of Vacuum Gas Oil YU. A. SVIRIDENKO, E. B. KRIVTSOV, N. N. SVIRIDENKO | 196 |
| Investigation of the Physicochemical and Catalytic Properties of MFI Type Zeolites Synthesized Using Deep Eutectic Solvent A. A. STEPANOV, L. M. VELICHKINA, L. L. KOROBITSYNA, L. K. ALTUNINA | 204 |
| Study of the Rheological Properties of Hydrogels and Cryogels Obtained Using the Aqueous Solutions of Polyvinyl Alcohol M. S. FUFAYEVA, V. N. MANZHAY, I. S. KOZHEVNIKOV. | 212 |
| Features of Occurrence Conditions of the Bazhenov, Domanik and Kuonamka Sediments in Oil and Gas Basins of Russia I. G. YASHCHENKO | 217 |
| Biogeochemical Transformations of Sulphur in the Saline Lakes of Transbaikalia S. V. BORZENKO, I. A. FEDOROV, I. A. KOMOGORTSEVA. | 227 |
| Utilization of Calcined Sorbent from Ash-and-Slag Waste from Thermal Power Engineering Plants for Wastewater Treatment T. G. KOROTKOVA, A. M. ZAKOLYUKINA, V. I. DEMIN. | 241 |
