16+

**Научно-практический журнал «Лечащий Врач»** — профессиональное медицинское издание, в котором публикуются научно-практические статьи ведущих специалистов России и стран СНГ. Цель журнала как центра общения ученых из бывших советских республик: информировать профессиональное сообщество — практикующих врачей, медицинских работников, студентов медицинских ВУЗов и руководителей медицинских учреждений — о достижениях медицинской науки на территориях, входивших в состав бывшего СССР, способствовать формированию новых перспективных исследований, образованию и становлению научных работников и практикующих специалистов как в России, так и в странах СНГ.

Издается с 1998 года
