TESTIMONIES OF REVIEWERS.

"The compiler has done all that could be expected of him; and his work will to Ladies prove an agreeable companion, either in the private chamber, or at the work-table."—*Pitt's Edinburgh Magazine*.

"This work will, doubtless, be useful. The selection of the characters is, on the whole, good; each having been chosen as exhibiting the most instructive example, and as affording the most useful practical lessons regarding both time and eternity."—*Wesleyan Methodist Magazine*.

"A second edition we have no doubt will soon be demanded: the idea is so good, and the contents are so attractive, that a rapid sale is almost certain."—*Patriot*.

"Our Author's plan seems to be judicious, and his selections good. We heartily recommend this book to all who are interested in the welfare of the Daughters of England."—*Wesleyan*.

"The information has been carefully collected together, and the tendency of the whole is good. It will afford profitable reading to females in general, and is particularly suitable for a present to the young."—*Nonconformist*.

"This is a work not only suitable to be read once, but valuable to have at hand for reference."—*Baptist Magazine*.

In one volume, crown 12mo, pp. 516, elegantly bound in cloth boards, price 8s., by the same Author,

THE ANGELS OF GOD,

AS EXHIBITED IN THE HOLY SCRIPTURES; THEIR NATURE, CHARACTER, RANKS, AND MINISTERIAL SERVICES.

TESTIMONIES OF REVIEWERS.

"The Author has aimed, he says, to render his work 'not unworthy of the critical reader, but chiefly as the means of edifying the unlearned, yet devout Christian.' In this he has succeeded."—*Eclectic Review*.

"This book contains good things from the Author, and better intimation than will readily be found elsewhere, as to what our best divines have thought and written on the subject of Angels."—*British Quarterly Review*.

"It is a book of very considerable and very varied interest, calculated, at least, to comfort and encourage the reader."—*Free Church Magazine*.

"To those who regard the Angels of God as our appointed guardians on earth, and as destined to be our companions and fellow-worshippers in heaven, this will prove a very interesting volume."—*Methodist New Connexion Magazine*.

"Our Author has collected all that is contained in the inspired volume, and all that has been published by biblical scholars and divines, of such mysterious beings; and we think he has told us all, or nearly all, we expect to know on earth."—*Christian Examiner*.

"A portly volume, giving all that can be known on this side heaven, on the nature and ministrations of Angels."—*Sunday School Magazine*.
