## PREFACE.

---

WHILE this book is intended primarily for students of

Romance Philology, it will, I hope, be of some interest to Classical scholars as well. Although it has been long in the making, I have endeavored to keep it, at every stage, abreast of current scholarship. I have tried, furthermore, to treat all portions of the subject, not exhaustively, but with even fulness; I fear, however, that the Syntax—perhaps unavoidably—is somewhat scanty as compared with the other parts. It will be seen that I have continually furnished abundant references for the guidance of those who wish to look further into special topics. My principal authorities are listed in the Bibliography; others are cited in the appropriate places in the text.
