

## Contents

### Creation of Long-Acting Disinfectant Emulsions

#### Based on Polyacrylamide Polymers and Functional Additives

A. S. AVERKINA, A. V. SIVTSEVA, V. A. VALTSIFER, I. N. FEKLISTOVA, I. V. VALTSIFER. . . . 249

#### Ultrasound in Catalysis

A. Z. ALIYEVA, U. A. KERIMOVA, S. G. YUNUSOV, A. A. ALIYEVA,  
S. M. ALESKEROVA, F. F. TAGIYEV . . . . . 258

#### Safety of the Use of Aerosol Form of Cephalosporin Antibiotics for Lungs (Experimental Study)

S. V. AN'KOV, M. S. BORISOVA, T. G. TOLSTIKOVA,  
A. M. BAKLANOV, S. V. VALIULIN. . . . . 264

#### Effect of SnO<sub>2</sub> Porous Structure on Its Optical and Photoelectrochemical Properties in Water and Water-Methanol Solutions

E. N. GRIBOV, E. I. KOSHEVOY, A. N. KUZNETSOV, D. V. KOZLOV, V. N. PARMON . . . . . 272

#### New Components of Low-Viscosity Marine Fuel Based on Low-Value and By-products of Oil Refining

S. G. DYACHKOVA, ZH. N. ARTEMEVA . . . . . 282

#### The Effect of Treating Heavy Oil with Isopropyl Alcohol on the Composition and Structure of Resins

D. S. KORNEEV, E. M. OSNITSKY, L. S. KLIMENKO . . . . . 289

#### Seasonal Dynamics of Chemical and Microbiological Characteristics

##### of Bottom Sediments in the Sea Estuary of a Small River in the Sevastopol Region

##### (by the Example of the Chernaya River, Crimea)

E. A. TIKHONOVA, N. V. BURDIYAN, YU. V. DOROSHENKO, O. V. SOLOVEVA . . . . . 294

#### Biological Activity Calculated by the PASS Method and Experimental Assessment

##### of the Acidity of NH Groups in Sulphonamide Polychloroethylated Arenes and Glycine Derivatives

##### in Dimethyl Sulphoxide Medium

D. O. TKACHUK, YU. A. AIZINA, N. S. SHAGLAEVA . . . . . 303

#### Oleophilic Sorbents Based on Granular Foamed Silicate: Properties and Features of Regeneration

O. N. TSYBULSKAYA, T. V. KSENIK, A. A. YUDAKOV, V. F. PAVLOV . . . . . 310

#### Development of Diesel Fuel Processor and Optimisation of the Thermal Circuit

##### of a Power Plant Based on SOFC with a Power of 1 kW

V. A. SHILOV, D. I. POTEKIN, M. A. BURMATOVA, P. V. SNYTIKOV . . . . . 323

#### Preparation of Deep Eutectic Solvents for Making an Oil-Displacing Composition

##### Based on Tetrahydroxy Alcohol, Carbamide, Quaternary Ammonium Salt, and a Surfactants

M. R. SHOLIDODOV, A. R. SAIDENTSAL, L. K. ALTUNINA, V. V. KOZLOV,  
V. A. KUVSHINOV, L. A. STASYEVA, R. N. MUSTAFIN. . . . . 330

#### Experimental Modelling of Hypergene Processes for Baley Ore Field as an Example

E. S. EPOVA, G. A. YURGENSON, O. V. EREMIN . . . . . 338

#### Laboratory of Crystal Chemistry of the Nikolaev Institute of Inorganic Chemistry SB RAS:

##### Milestones of the Long Road

S. A. GROMILOV, S. F. SOLODOVNIKOV . . . . . 348

#### Targeted Screening of Phenolic Toxicants in Waters and Bottom Sediments

##### of the Middle Reaches of the Don River

A. S. GUBIN, P. T. SUKHANOV, A. A. KUSHNIR . . . . . 371

#### Catalytic Processing of Coal Mine Methane into Hydrogen-Containing Gas:

##### Influence of Tri-Reforming Process Conditions

A. V. SALNIKOV, E. V. MATUS, M. A. KERZHENTSEV, S. R. KHAIRULIN . . . . . 384

#### Modelling of Hydrogen Flow from Gas Mixtures through Nickel Capillaries

##### Considering the Nonuniformity of Temperature Distribution

E. S. TROPIN, M. I. GONGOLA, A. P. NEMUDRY. . . . . 393
