THE WORKS

OF

DAVID RICARDO, ESQ., M.P.

WITH

A NOTICE OF THE LIFE AND WRITINGS OF THE AUTHOR,

BY

J. R. M'CULLOCH, ESQ.

Q 6

LONDON:

JOHN MURRAY, ALBEMARLE STREET.

MDCCCXLVI.

41-428

ADVERTISEMENT.

THE high esteem in which Mr Ricardo's works are held, and their increasing scarcity, have occasioned their being collected, and published in this volume. It contains, in addition to the "Principles of Political Economy and Taxation," and his detached Tracts, his Essays on the Funding System and on Parliamentary Reform, and his Speech on the Ballot, originally published in the Supplement to the Encyclopædia Britannica and in the Scotsman. A short Sketch of his Life and Writings is prefixed to the work; and an Index is subjoined to facilitate its consultation.

LONDON, *April* 1846.

CONTENTS.

| | Page |
|---|------|
| LIFE, | xv |
| PRINCIPLES OF POLITICAL ECONOMY AND TAXATION. | |
| PREFACE, | 5 |
| ADVERTISEMENT, | 7 |
| CHAPTER I. | |
| ON VALUE, | 9 |
| SECTION I. | |
| The value of a commodity, or the quantity of any other commodity for which it will exchange, depends on the relative quantity of labour which is necessary for its production, and not on the greater or less compensation which is paid for that labour, | 9 |
| SECTION II. | |
| Labour of different qualities differently rewarded. This no cause of variation in the relative value of commodities, | 14 |
| SECTION III. | |
| Not only the labour applied immediately to commodities affect their value, but the labour also which is bestowed on the implements, tools, and buildings with which such labour is assisted, | 16 |
| SECTION IV. | |
| The principle that the quantity of labour bestowed on the production of commodities regulates their relative value, considerably modified by the employment of machinery and other fixed and durable capital, | 20 |
